JEANS

# Jeans to complete your daily outfit, with comfort you'll want to wear every day.

UNIQLO jeans are always evolving to create the ideal pair. To produce jeans that are comfortable for everyone, our top-quality lineup offers a wide variety of fits, materials, colors, silhouettes and designs.

## The Innovation of UNIQLO Jeans

Jeans are such an integral part of daily life they gotta have innovative materials and features. Jeans specialists began convening at the Jean Innovation Center that opened in Los Angeles in the fall of 2016, where every day they are conducting R&D with cutting-edge equipment.

In addition to designs, fit and materials, we examine production methods, too. Washing is an important step in the jeans production process.

We developed a special production method that drastically reduces water consumption.

UNIQLO offers top-of-the-line jeans that are not just well-designed and comfortable, but also environmentally friendly. Through our continuing quest to uncover the possibilities of Lifewear, we believe we can steer the world in a better direction.

## Next-Generation EZY Jeans

EZY jeans are as soft as sweatpants and incredibly comfortable. At the Jean Innovation Center, we developed the best washing method for the material that produces a genuine

denim texture. The ribbed waistband is stress-free and you get a firm silhouette with just the right fit. Color jeans in light gray, beige, olive and other shades are also available for men.

## Fabric Made in Japan

The choice of materials affects a pair of jeans' texture and comfort. UNIQLO also uses fabric from Kaihara, a renowned Japanese denim fabric manufacturer of the highest global standard. The craftsman's experience and intuition are essential to dyeing and weaving, as is state-of-the-art technology. We combine tradition with innovation to discover what the ideal pair of jeans is.

# Fashion evolution with the latest technology for a more convenient lifestyle.

Innovative materials and technology bring new value to our LifeWear. UNIQLO offers an everyday wardrobe made with cutting-edge technology that keeps advancing every day. We bring a new level of comfort to your life.

1 Utility wear that you can incorporate in a variety of ways to your daily routine.

### ULTRA LIGHT DOWN

Astonishingly thin, light, and warm.

Our proprietary technique employing fine nylon and no down packs produces an amazingly lightweight item. Plus, the use of premium down for superior insulation means the jacket will retain plenty of heat to keep you warm. This utility wear has even more handy features, including long-lasting water repellent material and a compact design for easy portability.

#### POINT 1

Soft, thanks to air-filled premium down.

#### POINT 2

Comes with a compact pouch for easy portability

### BLOCKTECH

Advanced features include water-repellent, waterproof, windproof, moisture-permeable material.

BLOCKTECH material shields you from wind and rain on the outside while allowing sweat to escape from the inside, keeping you dry underneath. It's a versatile piece of outerwear for all occasions, 365-days-a-year, whether you need a hoodie for sports or hitting the town, or a stand collar coat for a wide range of settings from casual to business.

\*Pockets are not waterproof. Please be careful when putting personal electronics inside.

#### POINT 1

A special film on the underside keeps out wind and rain.

#### POINT 2

Long-lasting water-repellent surface makes the rain bounce off.

### POCKETABLE PARKA

Lightweight + compact for year-round convenience.

Carry this conveniently pocketable lightweight parka around so you can throw it on anywhere, anytime. Ripstop fabric only 30 deniers thick and with a lattice of polyester fibers sewn in adds strength and durability. This item is water-repellent which means, water won't seep through the material. In addition to everyday attire, it's useful in a variety of settings such as sports, outdoor activities and other leisure.

#### POINT 1

Durable water-repellent coating protects you from light rain.

#### POINT 2

Comes with a compact pouch for easy portability.
